

# **HEALTH & SAFETY DATA SHEET**

## **Identification of the Substance/Preparation and Company**

**Product Name:** Ajax Liquid Cleaner

**Supplier:** VAB Chemicals  
Unit 1  
Amicable Street,  
Burslem. Stoke on Trent  
ST6 3BJ  
Tel/Fax 01782 826300

**Product Type:** General purpose liquid cleaner.

### **Composition/Appearance:**

A semi-opaque aqueous surfactant solution. White with sweet floral odour or yellow with citrus fragrance. The product contains alkaline builders.

### **Recommended Usage Instructions:**

For large areas dilute with water according to pack directions.  
For stubborn marks, use neat and then wipe with cloth.

### **Specific Hazards/Handling Precautions:**

It is good practice when using such cleaners to rinse and dry hands after use. For continued use involving prolonged contact of the hands with the product or its solution, protection such as rubber gloves is recommended. Care should be taken to avoid accidental ingestion and the product should not be stored where it might be confused with beverages.

### **First Aid:**

1. Product on the skin should be rinsed off with water.
2. Undiluted product in the eye will cause irritation; flush out thoroughly with water. If irritation persists seek medical attention.
3. If ingested, rinse out mouth with water. Do not induce vomiting. Large quantities may cause gastrointestinal irritation. If unwell seek medical attention.

### **Fire:**

Not flammable. Compatible with water.

### **Storage:**

No special conditions required.

### **Spillage/Disposal:**

Small spills may be wiped up. Larger quantities should be flushed to drain with water.
