Palm Width :	EX. SMALL	80mm ≤
	SMALL	80mm ± 10mm
	MEDIUM	95mm ± 10mm
	LARGE	110mm ± 10mm
	X- LARGE	110mm ≥

<b>QUALITY:</b>	<b>Sampling levels</b>	<b>A.Q.L.</b>	<b>Standards met</b>
Freedom From Holes	G. 1.	1.5	Meets Standard
Physical Properties	S. 2.	4.0	BS.EN455:1&2
Dimensions & Strength	S. 2.	4.0	and British/European Standard
Residual Extractable Protein (range) <20 mcg/g			for Medical Gloves
Residual Accelerator Content (range) 0.15%			

**PACKING & LABELLING:** 100 Gloves Per Dispenser - 10 Dispensers Per Outer Carton (1000 Pcs)  
All Dispensers marked with product name, Premier Logo, size, code ref, Lot No.  
and CE Marking and Non Sterile for single use.

**SPECIAL STORAGE CONDITIONS:** KEEP IN COOL DRY PLACE AWAY FROM HEAT &  
DIRECT SUNLIGHT

**SHELF LIFE:** 3 Years - If Stored As Recommended Above.

**RISK ANALYSIS** Residual protein & Residual accelerator levels have been reduced to very low level. Highly sensitised persons may develop Type 1 allergic skin contact reaction and Type IV delayed allergic reaction to these gloves but this is less likely to occur than from contact with Powdered Gloves. Approximately 2% of the general population develop a Type I reaction. Therefore, low risk category

**CLASSIFICATION:** CLASS 1 - Medical Devices Directive 93/42/EEC

**Dated: June 2003.**

**Issue No.: 4**

**AMENDMENT RECORD: Dimensions adjusted & DOH standard removed, Dimensions Adjusted Jan 2003, X-small & X-Large added Jun2003**
